NEWS RELEASE

August 3, 2009

\$200,000 Powerball ticket sold in ND

Although there was no Powerball jackpot winner on Saturday night, a Fargo retailer sold a ticket that matched all five white balls. The holder of that ticket wins \$200,000. The winning ticket was sold at Sunmart located on South 25th Street.

At this time, the ticket is still unclaimed. The winning numbers from Saturday night's Powerball drawing are: 5, 37, 39, 46 and 53. The Powerball is 8. To check your tickets visit a participating Lottery retailer, look online at www.lottery.nd.gov or call 701-328-1111. The ticket was not purchased with Power Play. If a match five prize is purchased with Power Play the prize value increases in value by five times or one million dollars.

Since there was no big winner in the Saturday drawing, the top prize in Powerball has grown to \$138 million. The value of a cash option winning ticket in the next drawing, to be held Wednesday night, would be worth about \$68 million.
